

ENA 4 Simply good coffee

What do you call the easiest way to make a truly exceptional cup of coffee? ENA 4 – the new, compact one-cup machine from JURA, the result of lots of experience and a passion for smart products. It's a difference you can taste.

The ENA 4 is incredibly simple to use: just press a button and enjoy. You can preselect three aroma levels and specify that you want to use ground coffee. True to the JURA motto 'Freshly ground, not capsuled', the Aroma^{G3} grinder offers exceptionally fast grinding while preserving all the aroma of the beans. The intelligent Pulse Extraction Process (P.E.P.[®]) optimises the extraction time for short specialities and opens up new dimensions in aroma. It also allows maximum flexibility when programming the cup volume.

Full Metropolitan Black

Winding arterial roads pulsate as they cut their way between apartment blocks. The hustle and bustle of city life. Cafés, boutiques. Countless neon signs illuminating the night sky. The artificial glow of office lighting. Light and shade. Light and dark. Black and white. This is the world of international metropolises and the colour world of the ENA 4 in Full Metropolitan Black.

Benefits at a glance

- **Freshly ground, not capsuled:** The best quality coffee with newly developed smart P.E.P.[®] for added flexibility when programming the cup type
- **Fast:** Aroma^{G3} grinder now twice as fast for fully preserved aroma
- **Simple:** With easy operation and preselection functions, one touch of a button is all that's needed

ENA 4

Technical overview

Specific advantages

| | |
|---------------------------------|---|
| Number of speciality coffees | 4 |
| Intelligent preheating | ■ |
| WiFi connection to home network | ■ |

JURA coffee machine standards

| | |
|------------------------------------|---------------------------------|
| Pulse Extraction Process (P.E.P.®) | ■ |
| Variable brewing unit | 6 – 10 g |
| Grinder | Multi-level Aroma G3 grinder |
| High-performance pump, 15 bar | 1 |
| Thermoblock heating system | 1 |
| Fluid systems | 1 |
| Powder chute for ground coffee | ■ |
| Aroma preservation cover | ■ |

Operating and programming standards

| | |
|--|----------------|
| Compatible with J.O.E.® | ■ |
| Display | Symbol display |
| Programmable and individually adjustable amount of water | ■ |
| Programmable and individually adjustable coffee strength | 3 levels |
